

Students Satisfaction Survey

BBA 2022-23

Purpose:

The student satisfaction is taken to identify the deficiencies with respect to variables on the Course, Teachers Library, Internal Assessment, Infrastructure Facilities and Institutional Environment with an objective of improving the overall Knowledge Delivery System at Al-Ameen Institute of Management Studies.

Methodology:

A structured questionnaire is administered to 50 students to take their opinion on the gaps of satisfaction. The students were selected randomly and data was collected and analysed with help of percentage method to draw the inferences.

Presentation of the analysis:

The data analysed is represented in the form of the bar diagram and is supported with the discussion and suggestions

Outcome:

The outcome of the survey process leads to identification of the lacunae with respect to the Course, Teachers Library, Internal Assessment, Infrastructure Facilities and Institutional Environment. The feedback thus obtained enables the principal to initiate measures to address the deficiencies.
